1. PROCUREMENT Specify the method of source selection.

ABA Criteria should only be selected if the agency, college or university processes its contracts through Arkansas Building Authority. Colleges and Universities that use the ABA criteria but are exempt from ABA review must select from alternate procurement options available.

Request for Proposal: The (RFP) method of procurement allows the use of a set of criteria, in addition to cost, that are considered in the evaluation process of each response. If this procurement method is utilized, include as an attachment, the list of criteria other than cost that were given consideration in the awarding of the contract. This is also known as a Competitive Sealed Proposal (CSP). Requires prior authorization I.A.W. 19-11-230(b).

The **Competitive Bid** designation is used when the award of the contract is made to the qualified respondent that submits the lowest bid meeting specifications listed.

Prior approval from the Office of State Procurement is required before using the **Request for Qualifications** (RFQ) option. This option has customarily been used to develop contracts for legal, architectural, engineering and land surveying services, but is also the preferred method of source selection for certain other services.

Intergovernmental contracts are those involving agreements between two or more governmental entities. All intergovernmental contracts with a total dollar value (compensation plus reimbursement) that exceeds \$25,000 are required to be reviewed by the Performance Evaluation and Expenditure Review Committee (PEER) prior to the execution date of the contract. Intergovernmental contracts do not require EO 98-04 disclosure forms.

Emergency procurements may only be requested by the agency Chief Fiscal Officer or equivalent or Director, Division Director or Deputy Director of and agency, college or university, see R1:19-11-233(d) for guidance or email Jerry Hester at Jerry.Hester@dfa.state.ar.us. The Emergency procurement process allows a contract to be implemented prior to review by the full Legislative Council Review Sub-Committee. (Unless Critical, Emergency procurements should be made using some form of competitive bid process.)

Sole Source by Law: This designation is used when the state is compelled as a result of court, state or federal, mandate to award for services from a specific provider. In the blank provided, list the Act#, law or court order.

The **Sole Source by Justification** designation requires separate written justification as outlined in the Procurement Regulations for Professional and Consultant Services Contracts (see R1:19-11-232 (e) (1) through (6)). A letter (on agency letterhead) addressing points 1-6 addressed to the Director of the Office of State Procurement must accompany a request for a sole source contract. Letters of justification must be signed by the agency Director or his designated representative.

Source by intent to Award is a public notice of intent to award.
