DIVISION OF BEHAVIORAL HEALTH SERVICES
INTRODUCTION
SFY 2007**

Division Overview

The Division of Behavioral Health Services (DBHS), within the Department of Health and Human Services, is responsible for ensuring the provision of public mental health and substance abuse treatment/prevention services throughout the state of Arkansas.

Mental Health Services

The Division of Behavioral Health Services discharges its responsibility for the provision of public mental health services by operating the 202 bed Arkansas State Hospital and the 320 bed Arkansas Health Center (a skilled long-term nursing home facility), by contracting with fifteen local, private non-profit Community Mental Health Centers (CMHCs), and certifying three private non-profit specialty Community Mental Health Clinics. Priority populations for DBHS mental health services are individuals found not guilty by reason of mental disease or defect; individuals assessed as potentially violent, other forensic clients; adults with a serious mental illness; children and adolescents with a serious emotional disturbance; and, others with mental health problems.

The Arkansas State Hospital includes 90 adult acute care beds, 80 forensic beds, 16 adolescent acute care beds and 16 adolescent sex offender beds. Admission to acute care beds is through referral of the state's CMHCs. Admission to forensic beds, for either evaluation and/or treatment, is by circuit court order. The Arkansas Health Center provides skilled nursing home services for individuals with mental health problems that cannot be effectively managed in other nursing homes. The Center also provides some other specialized nursing home care.

The state's fifteen CMHCs each provides services in one of 15 designated geographic catchment areas that encompass the entire state. All CMHCs are nationally accredited by either Commission on Accreditation of Rehabilitation Facilities (CARF) or the Joint Commission on the Accreditation of Healthcare Organizations (JACHO). CMHCs operate out of 148 sites located in 69 of the state's 75 counties. Services are provided in all counties of the state through off-site outreach. CMHCs provide screenings for all persons referred for publicly supported inpatient care, including at the Arkansas State Hospital and in local psychiatric hospital beds paid for through funds provided to the CMHCs.

Additionally CMHCs provide a comprehensive array of clinical and rehabilitative mental health services, including: crisis intervention and stabilization; mental health, psychiatric, psychological and forensic assessment; treatment planning; individual, family and group therapy; medication management; case management; day treatment/partial hospitalization programs; psychiatric rehabilitation day programs; specialized services for children with serious emotional disturbance, including interagency service coordination and wrap-around; prevention, consultation and education; and, other supportive services such as housing, vocational, and foster care services. The state's three certified Community Mental Health Clinics (Birch, GAIN, and Small Group Therapy) provide specialized services for adults with severe and persistent.

Substance Abuse Services

The Office of Alcohol and Drug Abuse Prevention (ADAP) within the Division of Behavioral Health Services is the single state agency responsible for funding of alcohol and drug prevention and treatment services, providing court ordered treatment, licensing of alcohol and drug treatment programs, the State Methadone Authority, administering the Drug and Alcohol Safety Educational Programs and providing training to the field of substance abuse.

ADAP distributes federal funds from the Substance Abuse Prevention and Treatment Block Grant to provide alcohol and drug prevention and treatment services in the state.

Substance Abuse Services (continued)

Prevention services are funded through 27 grants to local programs, communities and other organizations to provide prevention services. In addition to these local grants, ADAP funds 13 Prevention Resource Centers in the state that are designed to respond to the needs of a particular geographical area to support its prevention initiatives. Prevention services also work with businesses to provide prevention activities in the workplace to help businesses deal with substance abuse.

ADAP licenses 49 alcohol and drug treatment programs in the state and approves Opioid Treatment Programs. The office is responsible for overseeing the provision that persons court ordered to treatment meet the requirements of the Substance Abuse Commitment Law. Alcohol and drug treatment services are provided through various funding sources. ADAP funds the following treatment services:

- Thirteen Regional Alcohol and Drug Detoxification Centers that provide detoxification services to persons needing supervised withdrawal from some type of substance abuse;
- Fourteen residential/outpatient treatment centers that provide alcohol and drug counseling service coupled with room and board when necessary;
- Court Ordered Referral and Treatment Program providing court ordered treatment for clients committed to treatment under the Substance Abuse Commitment Law from Central Arkansas;
- Five secure treatment beds that provide secure treatment for court committed clients from outside of the Central Arkansas Area;
- Eight outpatient programs that provide alcohol and drug counseling service;
- Seven Special Women's Services programs which allows a parent to bring up to two children into treatment with her. Other services include alcohol and drug counseling, parenting skills, room and board, transportation, referral for medical services, job readiness and child care;
- Three residential adolescent treatment programs that provide residential alcohol and drug treatment;
- One Opioid Treatment Program (methadone maintenance treatment) providing medication and outpatient drug counseling to opiate abusing clients.

ADAP administers and funds 14 Drug and Alcohol Safety Educational Programs (DASEP). DASEP is responsible for providing the court with a Pre-sentence Screening Report on all persons adjudicated for Driving While Intoxicated/Driving Under the Influence of alcohol or other drugs. Educational services are also provided by the DASEP for those offenders required to take an educational course to get their drivers license reinstated.

ADAP funds the Arkansas Prevention Certification Board and the Arkansas Substance Abuse Counselor Certification Board. Both boards oversee the quality of persons providing alcohol and drug counseling and prevention services.

Training services for the field of alcohol and drug services are funded by ADAP through contract and grants with Mid-South Addiction Training Network and Mid-South Summer School. These organizations provide training throughout the state for persons working in the field of substance abuse.

Number of Clients Served

During SFY 2007, 69,228 persons received mental health services through DBHS mental health programs and 16,077 received substance abuse prevention and treatment services. The accompanying tables provide detail only on the persons receiving mental health services. Future year reports will also provide this detail for those receiving substance abuse services. Tables 7 through 10 show the unduplicated number of clients served by each provider. The total served in these tables (71,436) represents the duplication across providers in the system. Thus there were 2,208 instances (71,436 - 69,228) during the year of a persons who had received services from one provider, also receiving services from another provider.
